CITIZENS' MEETING FOR GOOD ROADS' DAY PLANNING CALLED

Charleroi Business Men's Association Sets Next Wednesday as Time

WILL OBSERVE CLEAN-UP DAY

Suggestion to be Followed in Carrying Out Sentiment of Day—Another Date May be Set for Further Celebration.

Complete plans for the observance of Good Roads' day in the Charleroi community will be made at a meeting of citizens to be held at the public reading rooms in the Odd Fellows' building Wednesday night of next week. The meeting is being called at the instance of the Charleroi Business Men's association, which at a regular meeting last evening took up the matter, and arranged the date.

The Good Roads' day of May 20 will also be made a clean-up day in Charleroi, according to the plans now outlined. To this end committees will be appointed and a systematic basis of work decided upon by the citizens meeting. Officers of the Charleroi Business Men's Association are urging a large attendance at the meeting. At the time probably a second date for a Clean-up day will be set, owing to the fact that the Charleroi school picnic falls upon Good Roads' day.

Last year the Charleroi community was one of the banner communities of the county and consequently of the state in the observance of Good Roads' day. This year an effort will be made to have it maintain its reputation as leader.

Other matters were talked over by the business men at their meeting but little of importance was transacted. President J. E. Schafer was in the chair, with Secretary Howard W. Wilson serving in his office.

BELLE VERNON TEAM

TO PLAY CHARLEROI HERE ON SATURDAY

The Belle Vernon baseball club is scheduled to play the Charleroi team on the local grounds Saturday afternoon, beginning at 3:30 o'clock. The game should prove a good one, judging from the lineups that the two teams will present. Yeaton will pitch for Belle Vernon and Allshouse will catch, and the battery for Charleroi will be Krepps and Guder.

"THE LURE OF THE YUKON" AT THE LYRIC SATURDAY

The chief attraction at the Lyric theatre today will be "A Woman's Last Card." Tomorrow the three-reel melodrama "Lure of the Yukon" will be shown. The play was produced in the Yukon and the original scenes add much to the beauty and effectiveness of the picture.

Police Plan to Deal Sternly With Youthful Marauders When Captured

HEAVY DAMAGE IS BROUGHT

Flower Beds Destroyed, Trees Injured and Other Acts of Mischief Done, According to Complaints to Police Department.

Notorious "dirty dozen" gangs of the past which made trouble for the juvenile court authorities and history for themselves by their criminal acts throughout the vicinity have been rehabilitated to a certain extent in the hill district, it would seem from reports which have come to the police. As a result of the operations of these youthful marauders untold damage to trees, yards, flower beds and other property has been wrought. Stern action has been decided upon by the police.

Two weeks ago complaints were made to the police that mischievous juveniles, maliciously inclined, had invaded yards of homes along Chestnut avenue and had torn up flowers and wrecked flower beds. Subsequent investigation led to the arrest of a trio of lads averaging in age from 14 to 18. They had a hearing before Burgess Woodward and were let off with a severe reprimand.

But the arrest of the three has not had the effect desired. Property destruction has continued until houses, wives are in tears and their husbands are raging. Where the end will be made to apprehend the culprit, if caught will come in for proper punishment.

THE CRISIS.

Secretary Bryan's refusal of the
United States has met the crisis of
formal protest against Germany's
unwarranted violation of American
rights on the high seas and her pre-
sented demands for a recognition.
The outcome remains to be seen but
the condition of affairs is serious and
not critical. This is the crisis.

From the trend of the note it ap-
pears that Germany must recede
from her former position and make
apologies, to say the least, or other
measures will be taken.

The nation must at this moment
stand solidly behind its President.
Supreme confidence and trust in the
ability and wisdom of President Wil-
son to properly represent us is neces-
sary. There must be no hasty or
haphazard action, leading us into an
ill-timed and ill-considered interna-
tional conflict. Justice and not war
is demanded.

OUTINGS TOO FEW.

One of the difficulties in the way of
enterprises requiring the labor of the
natives in Cuba, the Philippines and
other regions having the same gen-
eral character of population is the
number of holidays. The distracted
employer sometimes thinks the hol-
idays outnumber the work days and
they are all faithfully observed, says
the Washington Reporter. North
America is too far on the
other extreme. For the average man
who must work in some form or
order for his livelihood, there are
only about four holidays in the
year—Memorial day, Independence
day, Thanksgiving day and Christ-
mas day. Many people, probably the
majority, are able to take a vaca-
tion during the summer, the vaca-
tion being two weeks. Outside of
the fact that several days together
enables a person to go some distance,
if that is in his preference, he
would probably get more real good
from the 12 days if they were dis-
tributed at intervals through the
year.

All which is an argument—another

IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Re-
stored to Health by Lydia
E. Pinkham's Vegeta-
ble Compound.

Florence, So. Dakota.—"I used to be
very sick every month with bearing
down pains and backache, and had
headache a good deal of the time and
very little appetite. The pains were so
bad that I used to sit right down on the
floor and cry, because it hurt me so
and I could not do any work at those
times. An old woman advised me to try Lydia E. Pinkham's
Vegetable Compound and I got a bottle. I felt better the next month so
I took three more bottles of it and got
well so I could work all the time. I
hope every woman who suffers like I did
will try Lydia E. Pinkham's Vegetable
Compound."—Mrs. P. W. JANSSEN, Box
S. Allyn, Wash.

Why will women continue to suffer day
in and day out or drag out a sickly, half-
hearted existence, missing three-fourths
of the joy of living, when they can find
health in Lydia E. Pinkham's Vegetable
Compound?

For thirty years it has been the stand-
ard remedy for female ills, and has re-
stored the health of thousands of women
who have been troubled with such ail-
ments as displacements, inflammation,
ulceration, tumors, irregularities, etc.

If you want special advice write to

dential) Lynn, Mass. Your letter will
be opened, read and answered by a

an argument rather—to establish the
good sense of the men of medicine in
having their monthly meeting take
the form it did yesterday. The day
desired and the country never is clad
in such fresh beauty as in early May.
To know somewhat of the history of
Donegal and the Finley townships has
its interest and value to the members
of the county medical society; but
the real benefit of the outing lies in
another quarter. While the frag-
rance of blooming plants and trees
assaulted their nostrils; while the
ever shifting landscape compelled the
eye to note its beauty; and while
lungs responded generously to the
pure, bracing air, the regular con-
tinue of their practice was forgotten,
and mind and body alike experienced
a tonic effect which better fitted
them for their work today, and fur-
nishes for them a pleasant memory,
by means of which the joys of the day
may be renewed indefinitely.

Other groups or families or nu-
merously might profit from this vaca-
tion of the medical society.

PICKED UP IN PASSING

"Mother," said Bobby after a full
week of obedience, "have I been a
good boy lately?"
"Yes, dear," replied his mother.
"a very, very good boy."
"And do you trust me?" he con-
tinued.
"Why, of course, mother trusts her
little boy!" she answered.
But the chastened child was not
pacified. "I mean really, really trust
me, you know," he explained.
"Yes, I really, really trust you,"
nodded his mother. "Why do you
ask?"
"Just because," said Bobby, diving
his hands in to his pockets and look-
ing her in the face. "If you trust

me like you say you do why do you
go on hiding the jars?"

The guide suddenly halted the
party of Americans.
"Ah, there comes the heir to the
throne," he said, removing his hat as
a royal equipage appeared.
The little boy of the party nudged
his mother and whispered:
"Did he take his hat off for fear the
air would blow it off?"

Ponce de Leon Failed; His Prize Is Found

Ponce de Leon, the daring explorer, searched a long the swamps of Florida for the Fountain of Youth, which the Indians said would restore power and make people young. He did not find it. Thousands of chronic intestinal, bowel and stomach sufferers have written to Leo H. May, 152 Wabash St., Chicago, in quest of health. They have found it. His remedy, composed of healing vegetable oils from France, has indeed given them back the health of youth.

Why suffer from indigestion, gases on the stomach, fanning spells, torpid liver, constipation and all the evils of a disordered stomach when there is permanent relief here? May's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.
